

Panorama (Tribute to THE CARS)

TECHNICAL INFORMATION

Panorama is very excited to play at your venue. Here is information regarding our show and setup. Please review and let us know if there are any questions.

AUDIO

A. Panorama requires the venue to provide PA, Monitors, Mics, Stands, DI's, Cables and technician(s) as needed to support the show based on the provided stage plot and input list.

Input list:

1. Kick
2. Snare
3. Tom 1
4. Tom 2
5. Tom 3
6. Floor Tom
7. HH
8. OH
9. Lead Guitar (Stage Right)
10. Rhythm Guitar (Stage Center Right)
11. Gary Vocal (drums)
12. Darren Vocal (Keys)
13. Darin Vocal (Rhythm Guitar)
14. Jeff Vocal (Bass)
15. Ken Vocal (Lead Guitar)
16. Bass (Stage Center Left) (DI)
17. Keyboards and video audio (Stage Left) (mono DI)
18. Backing Vocal Tracks

B. For most events, Panorama will use a self-contained split “in-ear” monitor system. All inputs will come to our splitter/processor first. We will supply “XLR tails” to the house to be patched in any order desired. Please note that audio for our video presentations will run through the keyboard line (Channel 17). The house engineer will have control of every input for the house PA mix. This setup allows us to control our own in-ear monitors. We ask for floor wedges as indicated on our stage plot (run from the FOH mix) for redundancy in case of an unforeseen issue.

LIGHTING

- A. Panorama does not carry any flown lighting or a lighting operator. We require venue provided stage lighting and will utilize the house setup.
- B. We may carry self-contained floor lighting to enhance the stage and, if so, will run this independent of venue lighting

VIDEO

- A. Panorama runs multi-media video content throughout their performance (there is no embedded audio). If you can support a video presentation, - **we will furnish a HDMI input from the drum position**. If you cannot support video please let us know in advance.

STAGE PLOT

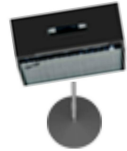

- A. Our most up to date plot is attached as the next page of this document.

120V

Lead Gtr Amp

120V

Lead Singer Gtr Amp

Mixer Rack

120V

120V

Bass Amp
